

Department of Veterans Affairs

§ 17.263

§ 17.262 Authority to approve applications discretionary.

Notwithstanding any recommendation by the Subcommittee on Academic Affairs of the Special Medical Advisory Group, or any recommendation by the Under Secretary for Health or designee, the final determination on any application for a grant rests solely with the Secretary.

[42 FR 54805, Oct. 11, 1977. Redesignated and amended at 61 FR 21966, 21969, May 13, 1996]

§ 17.263 Suspension and termination procedures.

Termination of a grant means the cancellation of Department of Veterans Affairs sponsorship, in whole or in part, under an agreement at any time prior to the date of completion. Suspension of a grant is an action by the Department of Veterans Affairs which temporarily suspends Department of Veterans Affairs sponsorship under the grant pending corrective action by the grantee or pending a decision to terminate the grant by the Department of Veterans Affairs.

(a) *Posttermination appeal.* The following procedures are applicable for reviewing postaward disputes which may arise in the administration of or carrying out of the Exchange of Medical Information Grant Program.

(1) *Reviewable decisions.* The Department of Veterans Affairs reserves the right to terminate any grant in whole or in part at any time before the date of completion, whenever it determines that the grantee has failed to comply with conditions of the agreement, or otherwise failed to comply with any law, regulation, assurance, term, or condition applicable to the grant.

(2) *Notice.* The Department of Veterans Affairs shall promptly notify the grantee in writing of the determination. The notice shall set forth the reason for the determination in sufficient detail to enable the grantee to respond, and shall inform the grantee of his or her opportunity for review by the Assistant Chief Medical Director as provided in this section.

(3) *Request for appeal.* A grantee with respect to whom a determination described in paragraph (a)(1) of this section has been made, and who desires review, may file with the Assistant Chief

Medical Director for Academic Affairs an application for review of such determination. The grantee's application for review must be post-marked no later than 30 days after the postmarked date of notification provided pursuant to paragraph (a)(2) of this section.

(4) *Contents of request.* The application for review must clearly identify the question or questions in dispute, contain a full statement of the grantee's position in respect to such question or questions, and provide pertinent facts and reasons in support of his or her position. The Assistant Chief Medical Director for Academic Affairs will promptly send a copy of the grantee's application to the Department of Veterans Affairs official responsible for the determination which is to be reviewed.

(5) *Effect of submission.* When an application for review has been filed no action may be taken by the Department of Veterans Affairs pursuant to such determination until such application has been disposed of, except that the filing of the application shall not affect the authority which the constituent agency may have to suspend the system under a grant during proceedings under this section or otherwise to withhold or defer payments under the grant.

(6) *Consideration of request.* When an application for review has been filed with the Assistant Chief Medical Director for Academic Affairs, and it has been determined that the application meets the requirements stated in this paragraph, all background material of the issues shall be reviewed. If the application does not meet the requirements, the grantee shall be notified of the deficiencies.

(7) *Presentation of case.* If the Assistant Chief Medical Director for Academic Affairs believes there is no dispute as to material fact, the resolution of which would be materially assisted by oral testimony, both parties shall be notified of the issues to be considered, and take steps to afford both parties the opportunity for presenting their cases, at the option of the Assistant Chief Medical Director for Academic Affairs, in whole or in part in writing, or in an informal conference. Where it
